

RYOBI ALUMINIUM CASTING (UK) LTD

## HEALTH, SAFETY & ENVIRONMENTAL POLICY STATEMENT

By improving employee wellbeing and managing environmental impacts Ryobi Aluminium Casting (UK) Limited will realise its vision of building and maintaining a sustainable business. To achieve this RACUK are committed to the following.

- ❖ Management of the risks associated with the Coronavirus pandemic by having appropriate protocols, implementation of physical safeguards and providing clear advice & support to all employees.
- ❖ To establish appropriate annual HSE objectives and work plans intended to:
  - Eliminate workplace risks, accidents and ill health.
  - Manage environmental aspects and associated impacts to provide a sustainable business and prevent pollution.
- ❖ To comply with all statutory requirements and any other obligations to which RACUK subscribe.
- ❖ To continually improve the HSE management system and its performance.
- ❖ To engage with all relevant stakeholders, including employees, in delivery of this policy and the effective implementation of the HSE management system.

This policy will be reviewed, as a minimum, annually and is available to all interested parties.

David Watson

**Managing Director**

A handwritten signature in black ink, appearing to read 'D Watson', is written over a horizontal dashed line. A large, thin, curved line starts from the top left of the signature and loops around to the right, ending near the top right of the signature area.
